Resources from the Indiana State Library

Public Library Internet Consortium -includes state reimbursement for part of the non-E-rate portion of Internet Connectivity. Public libraries purchase connectivity from vendor based on State negotiated contract. E-rate consultant to file Internet Connectivity Priority One forms on behalf of consortium libraries at no cost to the libraries.

INSPIRE – Indiana’s virtual library. Though most of the materials available through the databases are text or image (PDF) based, more and more resources include audio and/or video components.

LSTA Grants – for technology and innovation (non-recurring costs)
